#### Friends of the Huckleberry

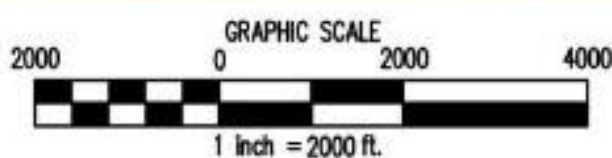

Friends of the Huckleberry is a non-profit corporation that has been helping construct the Huckleberry Trail. Current projects include an extension along the frontage of Christiansburg High School, minor realignment at the Southgate interchange, and a connection from North of Prices Fork Road to the Heritage Trail.

We have raised a lot of money to help create the Huckleberry Trail using local contributions as matching funds for federal and state grants.

If you would like to help expand our local trail system, please send a contribution of whatever you can afford to **Friends of the Huckleberry, Inc. PO Box 925, Blacksburg, VA 24063.**

We are a 501-C3 non-profit corporation, so your contribution may be tax deductible. 100% of your donated funds are used to build trails.

Thank you,  
Bill Ellenbogen  
President
